

Ohio Administrative Code

Rule 3701:1-37-24 Applicability of physical protection of category one and category two quantities of radioactive material during transit.

Effective: November 3, 2019

(A) For shipments of category one quantities of radioactive material, each shipping licensee shall comply with the requirements for physical protection contained in rules 3701:1-37-25 to 3701:1-37-28 of the Administrative Code.

(B) For shipments of category two quantities of radioactive material, each shipping licensee shall comply with the requirements for physical protection contained in rules 3701:1-37-25, 3701:1-37-27 and 3701:1-37-28 of the Administrative Code. For those shipments of category two quantities of radioactive material that meet the criteria of rule 3701:1-50-23 of the Administrative Code, the shipping licensee shall also comply with the advance notification provisions of rule 3701:1-50-23 of the Administrative Code.

(C) The shipping licensee shall be responsible for meeting the requirements of rules 3701:1-37-23 to 3701:1-37-28 of the Administrative Code unless the receiving licensee has agreed in writing to arrange for the in-transit physical protection required under rules 3701:1-37-23 to 3701:1-37-28 of the Administrative Code.

(D) Each licensee that imports or exports category one quantities of radioactive material shall comply with the requirements for physical protection during transit contained in rules 3701:1-37-25 to 3701:1-37-28 of the Administrative Code for the domestic portion of the shipment.

(E) Each licensee that imports or exports category two quantities of radioactive material shall comply with the requirements for physical protection during transit contained in rules 3701:1-37-27 and 3701:1-37-28 of the Administrative Code for the domestic portion of the shipment.
